

# Tuba or French Horn Case Ordering Instructions

The following information will greatly aid you in ordering your ANVIL® Instrument Case. If you will provide us with the tracing and measurements requested, we will provide you with both improved service and accuracy, which will help to keep your Instrument looking like new.

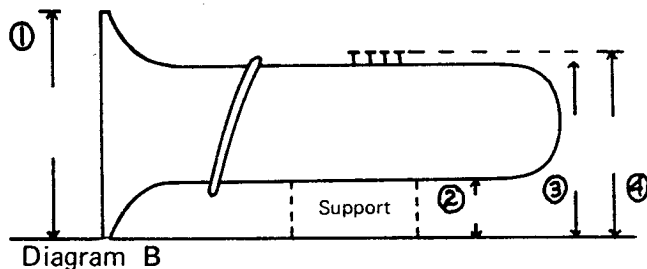

1. Place template paper on a flat surface
2. Place Instrument on paper, and put support under tubing

Rotary Valves —  
Show placement on template

3. Trace around Instrument with a sharp pencil  
(Hold pencil straight up and down) Diagram "A"

4. Measure and write dimensions in blanks Diagram "B"

- 1 Bell Diameter
- 2 Dimension needed for Blocking under Tubing
- 3 Dimension from table top to top of tubing
- 4 (For Rotary Valves) Dimension from table top to top of Valves
